Rich,

The results provided in the preliminary table have been peer-reviewed and are currently undergoing final report review. I should be able to send that to you tomorrow morning and upload to FTP site. This will be an EDD spreadsheet that contains all of the metal results in Work Order # 1201013 (up to samples collected 1/27). We can discuss again tomorrow to see what other documentation you need.

Thanks again for all your help!  
Cindy
